Governor's Decision No. 11-6, and a supporting financial model estimating the contract value during the first year.

The Postal Service states that Contract 51 is a competitive product featuring prices "not of general applicability" within the meaning of 39 USC 3632(b)(3). Request at 1. The Postal Service also maintains that the classification and prices applicable to Contract 51 are authorized by Governors' Decision No. 11-6.³ The Postal Service further asserts that the Statement provides support for adding Contract 51 to the competitive product list and the compliance of Contract 51 with 39 USC 3633(a). Request at 2; *Id.*, Attachment D.

The effective date for Contract 51 is two business days following the day on which the Commission issues all necessary regulatory approvals. Request, Attachment B at 3 (Article II). Contract 51 will expire 1 year from the effective date unless either party terminates the contract on 30 days' prior written notification, or other specific events. *Id.* (Article III).

COMMENTS

The Public Representative has reviewed the Postal Service's Request, the Statement, as well as Priority Mail Contract 51 and the financial model filed under seal with the Request. Based upon that review, the Public Representative concludes that Contract 51 should be classified as a competitive product and added to the competitive product list. In addition, it appears that Contract 51 should generate sufficient revenues to cover costs during the first year and thereby satisfy 39 USC 3633(a).

Product List Assignment. Pursuant to 39 USC 3642, the Postal Service requests that Contract 51 be added to the competitive product list. 39 USC 3642 requires the Commission to consider whether "the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant

level of business to other firms offering similar products.” 39 USC 3642(b)(1). Products over which the Postal Service exercises such power are categorized as market dominant while all others are categorized as competitive.

The Postal Service’s Statement makes a number of assertions that address the considerations of section 3642(b)(1). Request, Attachment D at 2. These assertions appear reasonable. Based upon the Statement, the Public Representative concludes that the Postal Service’s Request to add Contract 51 to the competitive product list is appropriate.

Requirements of 39 USC 3633. Pursuant to 39 USC 3633(a), the Postal Service’s competitive prices must ensure that each competitive product will cover its attributable costs; ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service; and, not result in the subsidization of competitive products by market dominant products. Based upon a review of the financial model, the negotiated prices for Contract 51 should generate sufficient revenues to cover costs during the first year of the contract and therefore meet the requirements of 39 USC 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission’s consideration.
